Verification of Reception for DX Program
from CFAB, Windsor, N.S.

Dear Mr. Morss:

We were very pleased to receive your letter of January 19th in reply to our special broadcast on January 19th for the National Radio Club.

We were very glad to meet you again and we remember that you have been one of our faithful listeners in the U.S.A. since CFAB started operations over two years ago.

Your letter is the first one received in response to this broadcast and we regret that conditions were apparently bad especially in the Eastern States. It looks as if we might have run into considerable opposition during this test.

The band is so congested at the present time that it is almost impossible to obtain a clear channel.

Your summary as listed is correct and we are very glad to confirm your report on reception.

Kindest regards.

Yours very truly,

RADIO STATION C F A B,

A.M. Bishop, Manager
